Overview

Established in Jakarta in 1967, ABNR Counsellors at Law (ABNR) pioneered the development of international commercial law in Indonesia after the reopening of the country's economy to foreign investment following a period of isolationism in the late 1950s and early 1960s.

With over 100 lawyers, we are the largest independent, full-service law firm in Indonesia and one of the country's top-three law firms by number of fee earners, which makes us one of the few local law firms with the scale required to simultaneously handle large and complex transnational deals across a range of practice areas.

We continue to value the personal touch and are proud of our reputation for responsiveness. Our lawyers are business savvy and fully understand that -- alongside expertise and experience -- timeliness and value for money are of the utmost importance to our clients.

ABNR is the exclusive Lex Mundi member firm for Indonesia, and was named "Indonesia National Law Firm of the Year" in 2013, 2016 and 2017 by International Financial Law Review (IFLR).

Key Practice Areas

- **Banking & Finance** – We are particularly proud of our pioneering role in the development of Indonesia's new 3-tier bank acquisition structure that allows foreign investors to sidestep the 40% foreign ownership cap in the country's banking sector. We have applied the structure in 3 separate bank-acquisition deals over the last 2 years.
- **Project Finance & Development** – With more than 50 years' experience in supporting the delivery of key infrastructure across all sectors in Indonesia, we believe we are second to none for project finance & development. In 2017-2018, we handled project finance deals worth some USD 30 billion in the power and transportation sectors alone.
- **Mergers & Acquisition** – played key roles in 2 of the largest M&A deals of 2017/2018: Uber's merger with Grab in Southeast Asia, the largest deal ever of its kind in the region; and Global Infrastructure Partners USD 5 billion acquisition of Equis Energy's Southeast Asia assets, the largest acquisition ever in the renewables sector worldwide.
- **FDI** – As the country's longest established commercial law firm, we have unrivalled experience in guiding foreign investors through the various hazards that can await the unwary in the Indonesian market.
- **Aviation / Shipping** – one of the few Indonesian law firms with across-the-board expertise (contentious/non-contentious) in these highly specialized practice areas.

Local Expertise - Global Professional Standards

ABNR has the insight and alertness to look beyond what seems obvious and see the whole picture...backed up by the expertise and experience to develop total solutions that meet the needs of clients over the long term, not just the immediate issue at stake.

Having grown into one of the largest independent law firms in Indonesia, we are committed to providing broad-based, personalized and client-focused service. Our top quality teams of lawyers have international experience that includes groundbreaking deals and projects.
