

## WORKSHOP: VAT; DISPUTE RESOLUTION IN THE UAE: A MENU OF OPTIONS; CLOUD COMPUTING - LEGAL PITFALLS FOR THE UNWARY

Trowers & Hamlin is an international law firm with over 150 partners and nearly 900 staff located across the Middle East, Far East and United Kingdom. With offices in London, Birmingham, Exeter, Manchester, Abu Dhabi, Bahrain, Dubai, Oman and Kuala Lumpur, we provide a full-service integrated offering.

During the last 40 years we have expanded considerably and now have a wide global presence with our international offices and membership of Interlaw. As an international association of independent law firms, the Interlaw network has lawyers in more than 125 cities worldwide. We are the sole representatives selected by Interlaw for England and the UAE.

With an established presence in the Middle East dating back to 1959, we are one of the largest and most experienced international law firms working in the region. We have been involved in and continue to work on many 'first in country' and ground breaking projects and transactions in the Middle East region. The benefit of working with us is that we have been there before and provide advice based on our experience, legal and technical skills and commercial awareness.

How we deliver is as important as what we deliver. We believe in providing a high quality service delivered by a partner-led team and building a strong personal relationship with our clients – our aim is to become our clients' trusted advisor. We are consistently ranked as a leading law firm in the Middle East and North Africa and are the first law firm to secure a Law Society Award for our Middle East offices recognising us as meeting the highest standards of client care.
