At Reed Smith, we believe that the practice of law has the ability to drive progress. We know your time is valuable and your matters are important. We are focused on outcomes, are highly collaborative, and have deep industry insight that, when coupled with our local market knowledge, allows us to anticipate and address your needs. You deserve purposeful, highly engaged client service that drives progress for your business.

With over 1,800 lawyers in 27 offices across the United States, Europe, Asia and the Middle East, we represent many of the world’s leading companies in complex litigation and other high-stakes disputes, cross-border and other strategic transactions, and crucial regulatory matters.

Led by internationally trained and qualified practitioners, each with decades of legal experience in Greater China, our Beijing office is eminently well positioned to guide clients on their China investments and operations. Our lawyers draw on diverse and complementary skill-sets, together with extensive experience in a wide range of key industries. We have successfully assisted clients with concluding many of China’s landmark corporate and capital markets transactions.

We provide effective and commercial counselling and guidance to multinational companies setting up in China, both wholly self-funded and joint-venturing with Chinese companies. We also boast an experienced team advising Chinese companies on their offshore capital markets and finance, as well as with China outbound mergers and acquisitions.

Our practice covers corporate finance, foreign direct investment, restructuring, mergers and acquisitions, labour and employment, investment structures, regulatory, compliance, and other aspects of entering and operating in Greater China.
